Fe²⁶

Iron Railing

It's not typical wrought iron railing, it's Fortress

Fortress Fe²⁶ Iron Railing is a pre-welded, easily customized and enhanced version of traditional wrought iron railing that brings unparalleled quality to any patio, deck or balcony. It provides a clean, classic appearance that is versatile for a variety of applications and surfaces. 100% galvanization, DuPont® e-coat and DuPont® premium powder coating make it the most elegant and durable iron railing system on the market. Fortress Fe²⁶ is available in two unique styles: Traditional and Vienna.

-  Gloss Black
-  Antique Bronze
-  Rustic Brown

Give your outdoor space a lasting impression

Fortress Railing Balusters are offered in three distinct series: Vienna, Vintage and Mega. Each series offers its own style and identity to transform your individual project design into reality. Balusters are 100% galvanized, DuPont® e-coated and DuPont® powder coated to provide the ultimate combination of strength and appearance with low maintenance living.

- Gloss Black
- Oil Rubbed Bronze
- White
- Rust
- Hunter Green
- Taupe
- Antique Bronze

*Finishes availability vary between series. Antique Bronze may darken over time.

Aluminum Railing

Fortifying aluminum railing

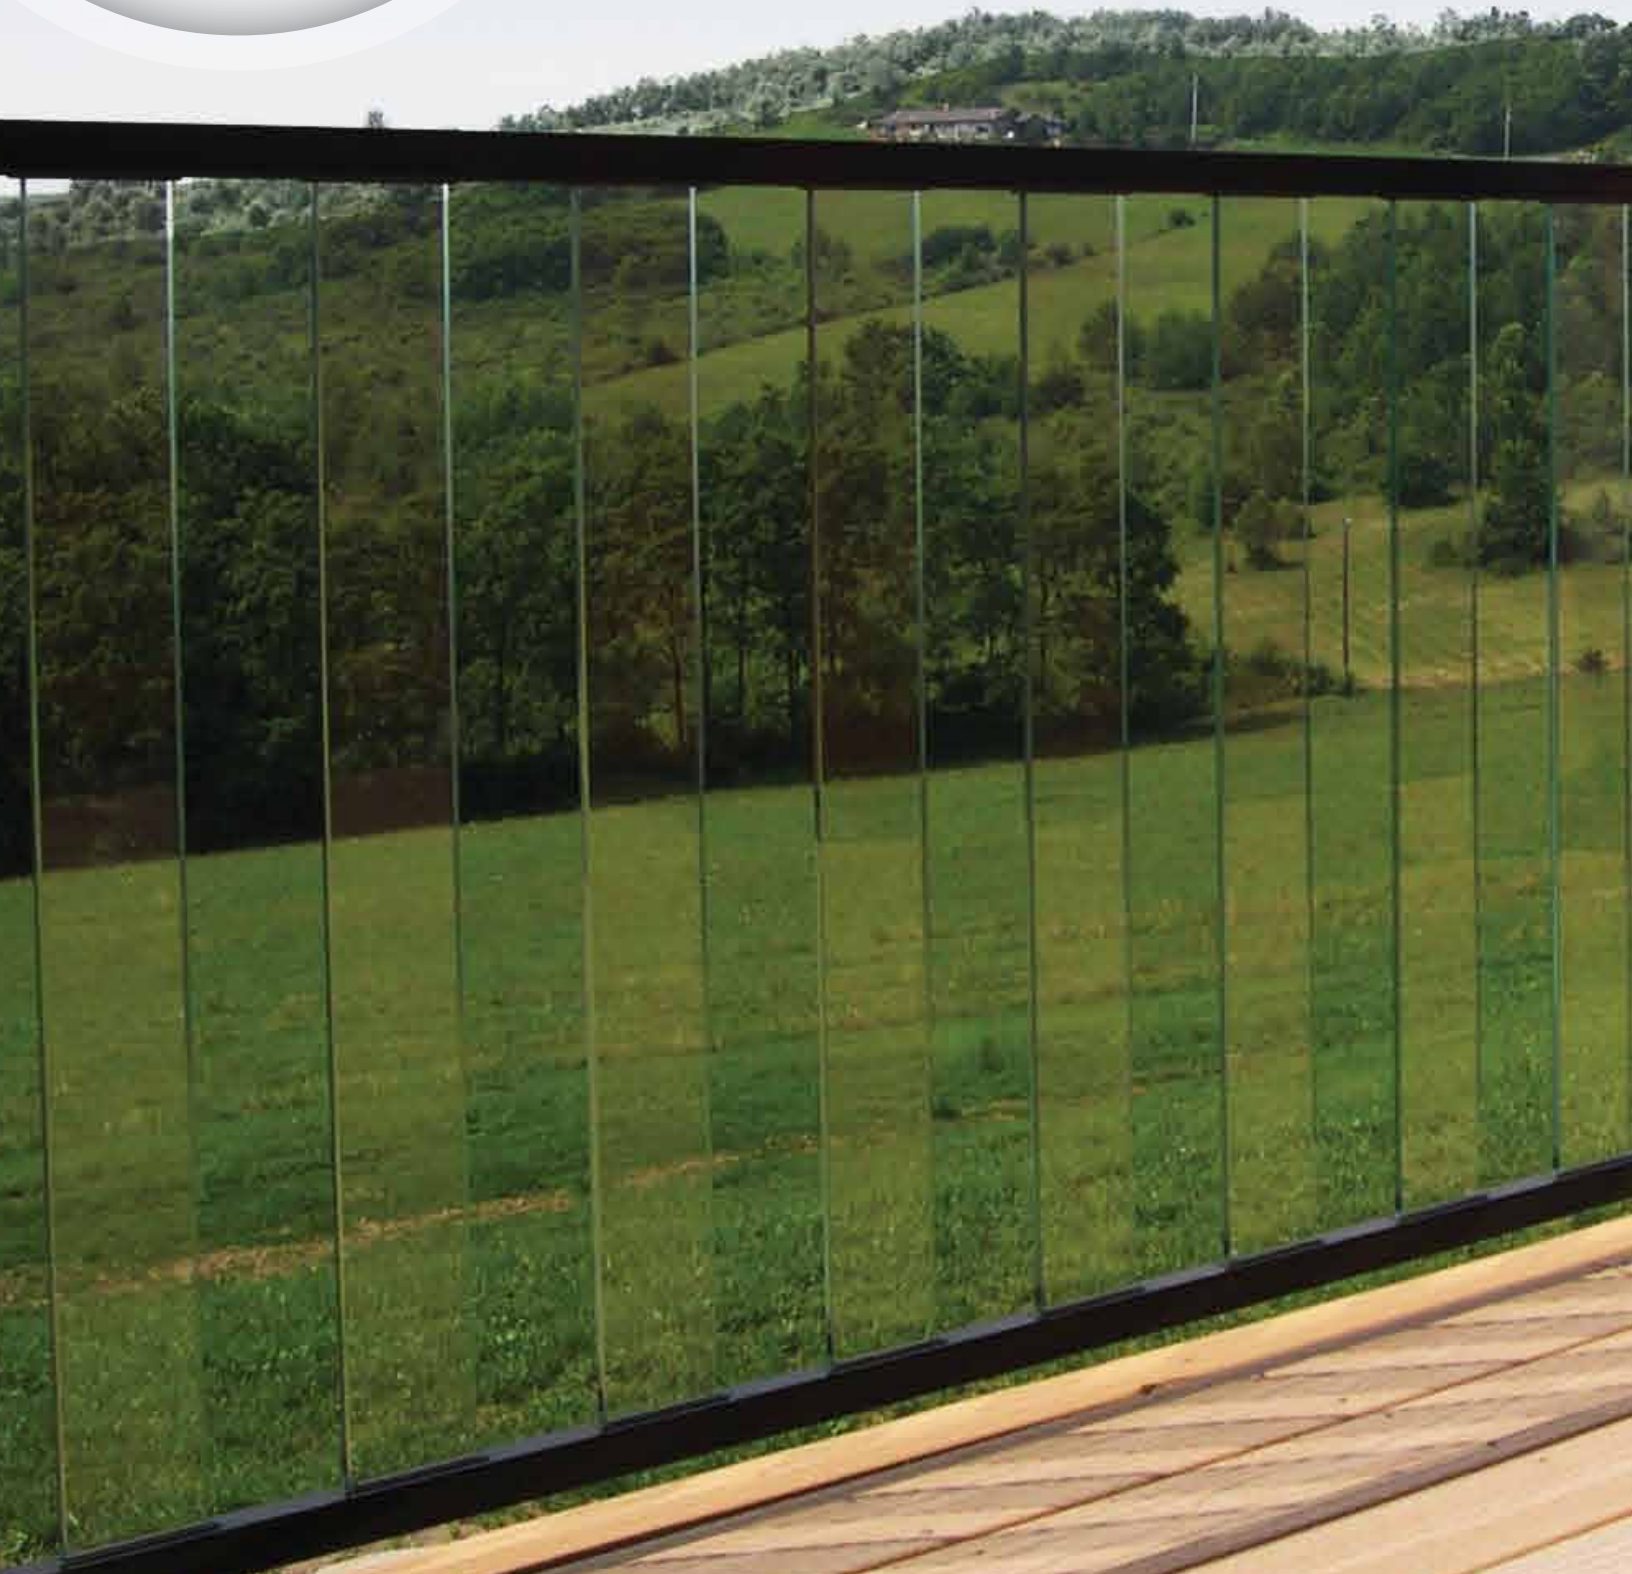

Fortress AI¹³ is an innovative, first of its kind, fully pre-welded aluminum railing system. Distinctly different from aluminum kits, Fortress AI¹³ is attractive and easy to install with its simple bracket system. It also has superior performance in strength and safety, which is a unique benefit to a pre-welded system. Quality welding and DuPont® premium powder coating create a virtually maintenance free system designed for use in a variety of environments.

glass railing system™

Open up the world around you

Fortress Pure View combines the ultimate view of surrounding scenery with the strength and durability of tempered glass that allows for full enjoyment of the outdoors with increased air circulation. The individual glass balusters provide a pure view without the higher material costs, installation costs and more difficult cleaning associated with glass sheet panel systems.

ACCENTS

Coming 2012

Bringing style to day and night to life

FortressAccents is a complete line of post caps and LED lighting accessories for decks, patios and other outdoor spaces. Raising the bar, FortressAccents' die-cast aluminum housings and DuPont ® powder coat translate into optimal performance and durability. Its innovative design uses the same post cap for both lit and non-lit caps and is transformed with a simple optional waterproof drop-in LED light kit that is concealed from view during the day and emits a soft ambient glow at night. FortressAccents boasts a unique built-in thermal management system and also offers a power supply option with integrated timer, dimmer and photocell. It is the perfect complement to Fortress Railing Systems and also ideal for use with materials such as metal, wood, vinyl and composite.
