# DRILLED GLUED AND FILLED

# ... 20 SECONDS

Specially designed  
PRO PLUG™ Glue Nozzle  
works with popular  
wood glue brands.

## Introducing the SMART-BIT® PRO PLUG™ System for Wood from Starborn Industries, Inc., the company that brought you SMART-BIT® and HEADCOTE®

Never before have all the steps in plugging been put together in a single system that delivers a perfect result plug after plug. This is because the PRO PLUG™ Tool, the fasteners, the plugs and our unique PRO PLUG™ Glue Nozzle have all been specially designed and engineered to work together, perfectly. The beauty of the system is that it makes plugging so fast and easy that it now takes half as much time as before — sometimes even less.

So if you've always valued the strength of top down fastening and the high-finish look of plugs but couldn't invest in the extra time and labor, put the SMART-BIT® PRO PLUG™ System to work for you, today.
